Background: The following resolution, by the FACCS Board of Directors, is provided for your understanding of the procedures regarding the conveyance of “religious exemption” in an effort to satisfy the expectations of the required recognition of FACCS, by the appropriate state entities, and to comply with reasonable FACCS undertakings in relation to FS 402.316, Chapter 65C-22, and other statutes.

“Be it resolved, annual Participant/Membership or Accreditation status in FACCS:

1. Is provided for the purpose of an applicant or renewing affiliating school to use such voluntary services offered by the FACCS and such fees specified for said services;
2. Is available for purposes of “religious exemption,” under FS 402.316, exclusively to schools, that consistently meet the Health, Safety, Sanitation and Minimum Standards published by FACCS, as provided in FS 402, Chapter 65C-22, and agree to pay for such inspections as required to maintain such exemption. Affiliating schools that choose to participate in the Voluntary Pre-Kindergarten (VPK), Corporate Tax Credit (CTC), McKay Scholarship for Students with Disabilities, or other such voucher/scholarship programs of the state of Florida or Federal government understand their obligation to be in full compliance with the laws, rules, requirements, and accountability measures stipulated by the Department of Children and Families (DCF), Department of Health (DOH), Office of Early Learning (OEL), Office of Independent Education and Parental Choice (FDOE), and local Early Learning Coalitions, in addition to FACCS published Health, Safety, Sanitation and Minimum Standards.”

To provide this service, coordinate the expectations under these statutes for a religious exempting agency and the religious exempt ministry, it is necessary for an applicant school to:

1. Acknowledge their responsibility to consistently maintain compliance with the FACCS published Standards for Health, Safety, Sanitation and Minimum Standards. Such standards will be downloaded from the FACCS Website, filled-out, and notarized annually. **The separate DCF Annual Affidavit for Religious Exemption will be completed by the school holding a religious exemption through FACCS.**
2. Acknowledge such standards will be revised upon notification of the various departments of state within 30 days of such notice, resulting in the necessity of the religious exempt affiliating ministry to make such changes as specified.
3. Acknowledge in order to facilitate such extensive obligation, FACCS is forced into limiting the conveyance of such status to a more select group of schools that will share the responsibility of funding this service if and when necessary on a per visit basis, which will include reimbursement of the travel and other expenses directly related to such religious exemption. Services will be invoiced and due in full on the date and at the time of such inspection if necessary for continued compliance under statutory expectations.
4. Acknowledge with such religious exemption, it is still the absolute responsibility of the individual ministry to satisfy all related statutes, rules, codes, and related standards of the FACCS, state of Florida, and local applicable licensing authorities. Therefore, the liability for such status rests solely with the religious exempt ministry.
5. Acknowledge this status is provided on an annual basis and the offering of such service is limited to enrolled students in the regular school day program.
6. Acknowledge that such religious exemption is being provided at the voluntary request and voluntary compliance of the ministry, holding the status in fulfillment of the FACCS Health, Safety, Sanitation and Minimum Standards. Therefore, a school that ceases to maintain the standards is subject to the immediate loss of religious exemption.
7. Acknowledge that with the status of religious exemption, a ministry will be placed on the “Provider” web site of the Department of Children and Families for consumer review. Additionally, if a religious exempt ministry ceases to comply fully with the FACCS Standards, notification will be forwarded to the appropriate state or county entity with notification of the removal of such status.
8. Acknowledge and agree the certificate of “Religious Exemption” is the property of FACCS and will be returned to the FACCS Capital Office immediately upon loss of religious exemption.

(Note: The foregoing statements will continue under the review of legal counsel and are subject to change if and when deemed necessary.)

I have read the stipulations and rationale for the purpose of being recognized as a “religious exempt” church-related school offering programs that will comply and conform to the stated information. As a result, I hereby request, on behalf of the ministry that I am authorized to represent, to enter into the FACCS program for “religious exemption.”

5. Ratios of Personnel to Children

A. General

1. Provide the percentage of students under the age of five (5) years in relation to total students in the school. _____%
2. Is the following direct supervision ratio met for compliance with FS 402 minimum standards for religious exemption? YES ☐ NO ☐

Age of Children	Ratio
Birth to 1 year of age	1 person to 4 children
1 year old but under 2	1 person to 6 children
2 years of age but under 3	1 person to 11 children
3 years of age but under 4	1 person to 15 children
4 years of age but under 5	1 person to 20 children
5 years of age or older	1 person to 25 children
6 years of age or older	1 person to 30 children

*(NOTE: When children two years of age or older are in care, the staff-to-child ratio shall be based on the largest number of children within the group.) Direct supervision means watching and directing children's activities within close proximity within the same room inside or within a designated outdoor play area. Child care personnel and volunteers at a facility must be assigned to provide care to a specific group of children and be present with that group of children at all times during the day including during meals, napping, and snack time. **Remember: All enrolled children must have adult supervision per the above ratios for all school events during the hours of 6:00 a.m. to 6:00 p.m. at the school site and 24 hours when off-site at school sponsored activities.***

For a ministry to be in compliance with **Gold Seal Standards**, the following ratios must be maintained. **Do you maintain Gold Seal Standards?** YES ☐ NO ☐

Age of Children	Ratio
Birth -12 Months	1 person for 4 children
13-24 Months	1 person for 4 children
25-30 Months	1 person for 5 children

Health & Safety Expansion Relating to the “Ethics in Education Act”

The Ethics in Education Act passed in the 2008 Florida Legislative Session, relates to the health & safety aspect of children/students in a private school. The legislation is specific to nonpublic schools that enroll students in Florida scholarship or voucher programs. It includes additional requirements for schools with early childhood programs that are “Religious Exempt” from licensing under s.402.316.

Under the law the DOE will provide technical assistance to nonpublic schools that accept scholarship students “in the development of policies, procedures, and training related to educator ethics and employment practices.” Further, the DOE will provide, to authorized staff at such schools, access to electronic verification of information from the Professional Practices’ Database of Disciplinary Actions Against Educators; and the Department of Education’s Professional Educator Certification Database.

NONPUBLIC SCHOOLS ENROLLING SCHOLARSHIP STUDENTS under s.1002.421:

1. **Must disqualify from employment** any teacher or school administrator or from those positions “any individual convicted of a disqualifying offense identified under s.1012.315.555”
2. **Must adopt and communicate** policies and procedures for reporting suspected or actual misconduct by teachers or administrators “which affects the health, safety, or welfare of a student and an explanation of liability protections provided to students, parents, and employees under ss. 39.201, 39.202, and 768.095 who report suspected or actual misconduct that affects the health, safety, or welfare of a student.”
3. **May not enter into a confidentiality agreement** with any terminated or dismissed employee or an employee who resigns in lieu of termination “based in whole or in part on unethical conduct that affects the health, safety, or welfare of a student and may not provide the employee with a favorable recommendation for employment in another educational setting. Any portion of an agreement or contract that has the purpose or effect of concealing the misconduct of an educator is void, is contrary to public policy, and may not be enforced.”
4. **Must contact previous employers before appointing a candidate** to a position in the school granting direct access to scholarship students. The school must “contact the previous employer of the candidate to assess the candidate’s ability to meet ethical standards for professional educators, screen the candidate through the use of educator screening tools described in s.1001.10(5), and document the findings.”
5. **Must if religiously exempt from licensing under s.402.316:** Implement the provisions of s.1002.55(2). The department shall, by rule, establish minimum standards for screening and notification of employee termination for all child care personnel.”
6. **Must recognize** the department shall prohibit a private school that accepts scholarship students under Chapter 1002 or s.220.187 and fails to comply with this statute from accepting scholarship students and disqualify the private school from accepting funds under these programs.
7. **Must post in a prominent place** a notice that all employees regardless of employment position including the school board or other leadership persons have an affirmative duty to report and have liability protection when they report in good faith all suspected or actual cases of child abuse, abandonment, or neglect.
8. **Must post in a prominent place** a description of how to make a report and the legal penalties for not doing so.
9. **Must require the head** of the school to act as the liaison to the DCF, when requested, when such a cases develop.
10. **Must educate staff regarding F.S. 1012.315 which provides the Disqualification from employment as follows:**
 - (1) Any instructional personnel or school administrators, as defined in s.1012.01, are ineligible for employment in any position that involves direct contact with students if convicted of the following disqualifying offenses:
 - (a) Any offense listed in s.435.04;
 - (b) Section 787.025, relating to luring or enticing a child;
 - (c) Section 794.05, relating to unlawful sexual activity with certain minors;
 - (d) Section 810.14, relating to voyeurism;
 - (e) Section 810.145, relating to video voyeurism;
 - (f) Conviction of a crime involving moral turpitude; or
 - (g) Any delinquent act that qualifies or would have qualified an individual for inclusion on the Registered Juvenile Sex Offender List pursuant to s.943.0435(1)(a)1.d.1026.
 - (2) A criminal act committed in another state or under federal law, the elements of which constitute a criminal act as described in subsection (1) shall, for purposes of disqualification, be considered as if the act was committed in this state.
11. **Must acknowledge an individual’s Professional Educator’s Certificate may be suspended** from any person who “knowingly failed to report any suspected or actual child abuse pursuant to s.1006.061 or misconduct by instructional personnel or school administrators under s.1012.795, which affects the health, safety, or welfare of a student.”

12. **Must report to the DOE cases involving certified teachers:** "If allegations arise against an employee who is certified under s.1012.56, and employed in an educator certificated position by any school or provider in the state, such school or provider, or governing body thereof, shall file in writing with the department a legally sufficient complaint within 30 days after the date on which the subject matter of the complaint came to the attention of the school or provider. A complaint is legally sufficient if it contains ultimate facts that show a violation has occurred as provided in s.1012.795. The school or provider shall include all known information relating to the complaint with the filing of the complaint. This paragraph does not limit or restrict the power and duty of the department to investigate complaints as provided in paragraphs (a) and (c) regardless of the school's or provider's untimely filing, or failure to file, complaints and follow-up reports."

NONPUBLIC SCHOOLS PARTICIPATING IN Voluntary Pre-Kindergarten Program:

1. **Must provide Ethics training** to all staff which is to be developed jointly by DCF, the DOE and the AWI to be completed by "the provider." This is to include; 1) strategies on how to adopt and communicate policies, responsibilities, and procedures for reporting suspected or actual misconduct by a teacher or administrator which affects the health, safety, or welfare of a student, and explains liability protections provided to those who reveal the information. Successful completion of this training will be documented on a transcript provided by the DCF.
2. **Must disqualify from employment** a person who has been "convicted of a disqualifying offense identified under s.435.04."
3. **Must before employing staff:** 1) contact the previous employer; 2) screen the applicant through "the educator-screening tools described in s.1001.10(5) and the electronic database of the Department of Children and Family Services, and document the findings."
4. **Must understand there may be "NO" confidentiality agreement** regarding a terminated or dismissed employee or an employee who resigns in lieu of termination based in whole or in part on unethical conduct that affects the health, safety, or welfare of a student and may not provide the employee with a favorable recommendation for employment in another educational setting. A portion of an agreement or contract that has the purpose or effect of concealing the misconduct of a prekindergarten instructor or administrator is void, is contrary to public policy, and may not be enforced."
5. **Must have, for each prekindergarten class, at least one prekindergarten instructor who:** (a) Is a certified teacher; (b) Holds one of the educational credentials specified in s.1002.55(4)(a) or (b)." **NOTE: See page 5(e).**

To summarize this "expanded section on the "Ethics in Education Act," and in coordination with the previous questions on page 2, #4 of the FACCS Application for Religious Exemption, has the Administrator, Principal, and/or Director of the school completing this document satisfied the requirements outlined in the "Ethics in Education Act?" YES ☐ NO ☐

Having completed all previous pages you should now do the following:

1. Complete and notarize the "**Statement of Compliance Provided to FACCS**" on the next page. Then mail the entire notarized document directly to the FACCS Office of Program Services with your FACCS Application for Religious Exemption.
2. Visit the Florida DCF site and complete the application for Religious Exemption. Due to changes to the DCF site, all schools will be required to complete a paper application when submitting for religious exemption from licensure. To access the paper application, visit <http://www.myflfamilies.com/service-programs/child-care/religious-exemption>.

The following "Statement of Compliance" is part of the foregoing FACCS Health, Safety, Sanitation, and Minimum Standards. This notarized statement must be completed and included as part of the preceding FACCS Standards to maintain "Religious Exempt" status.
